FRS-1010II

FRS-1010III

FRSC-1010III

Description:

FRS-1010 series color ribbon printing continuous band sealer is suitable for sealing any heat-sealing materials. Color ribbon printing device is adopted to print the colored label on bag while sealing. If necessary, counting device can be equipped as well. Besides sealing and printing, model FRSC-1010III has function of air suction.

Features :

1. Adopt novel design idea and advanced manufacturing technology, which makes structure of machine more reasonable and perfect.
2. Print the colorful label while sealing in high speed and adhesive property.
3. Print the clear words/letters with various selectable colors.
4. Constant temperature control and temperature is adjustable.
5. Stepless speed regulation.

Application:

FRM-1010 series color ribbon printing continuous band sealer is suitable for sealing small packages.
